Blaze B10

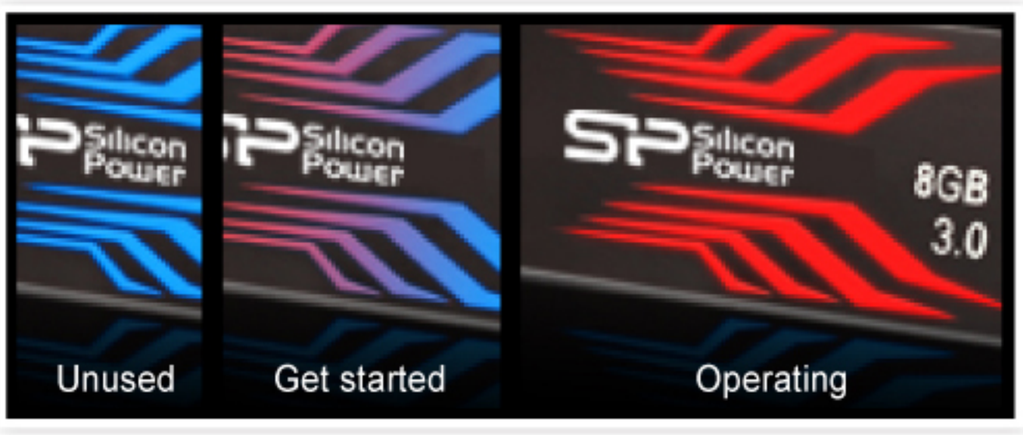
USB 3.0 Flash Drive

▪ Upgrade to 3.0 for Blazing Speed

Compared to conventional USB 2.0, USB 3.0 Blaze B10 can effectively deliver read speed up to 70MB/s. Transfer time of high-res data files such as videos, photos, music, etc is significantly reduced, making sharing and carrying rich digital contents quicker and easier.



▪ Color Up Your Flash Drive

Blaze B10 is designed with futuristic pattern using heat-sensitive ink; color of the pattern will gradually change from Turkish blue to blazing red according to operating temperature of the drive, adding personality and fun to transferring. Its retail packaging will include a heat-sensitive sticker for users to test out the cool color-changing effect of Blaze B10.

▪ Secure Your Data with SP Widget

The SP Widget Software, which features seven powerful backup and security functions with NIS (Norton Internet Security) antivirus software (60-day trial), is available free for users to enjoy the value-added service of security and convenience.

Features

- USB 3.0 interface
